Philosophy of Athletics

Blessed Sacrament School's approach to athletics stems directly from the school's philosophy of education, since it is the foundation to who we are. We believe our athletic program should aid in the spiritual, social, and proper physical development of the student athlete.

Goals of the Athletic Program

To share our faith with whom we come in contact, to require our student-athletes to strive to live like Christ, to have our student-athletes possess positive character qualities and to express them openly through athletic competition, and to provide our student-athletes with a chance to enjoy, develop, and compete.

Student-Athlete Eligibility Requirement

As educators, we have a responsibility to teach our students participating in athletics that academics remains their number one priority. Student-athletes participating in our sports program will assume the responsibility of completing all academic assignments when dismissed early for a scheduled game. The following policies are established to assure that the athletic program supports the academic and physical emphasis of the school.

1. All students participating in the Blessed Sacrament Sports Program are to maintain the following:
 - 2.0 GPA or better in all subjects
 - No "F's" in any subject
 - Citizenship grade of S or better
2. The administration reserved the right to remove a student from a team either temporarily or permanently if, in the option of the administration, the athlete demonstrates poor behavior or citizenship during the school day or at athletic events or if the athlete does not meet the academic and conduct requirements as stated.
3. A student will not be dismissed from an after-school detention in order to make a prescheduled game or practice.

4. For a student-athlete to be eligible to participate in that day's athletic contest they must have attended class for 1/2 a day.
5. A current registration form, emergency form, sports permission form, and all financial obligations (including being current with tuition) must be on file and approved by the office before a student athlete may attend scheduled practices, contests, games, tournaments, and/or meets.

I have read and agree to abide with all the requirements of being a student-athlete.
